Breweries on Proofs				
Bodachra				Have tried as BLO to contact via Social Media and e-mail and no response. Facebook page shows nothing since August 2020. Suspect no longer brewing.
Brewdog				No comment!
Burnside				Seems to be still going strong. Wold Rhino in Queen Vic recently.
Deeside				Does it do ale anymore? If left in brewery section of GBG should be updated to Deeside Brewery and Distillery Ltd. Facebook shows nothing about beer.
Keirh				
Quiet				
Six D North				All ok
Spey Valley				BLO tried to contact about situation and got no response.
Windswept				All ok
WooHa				Went to administration and rumoured to have been bought by North Coast Brewing who already own Isle of Skye and Black Wolf. Not sure what is deadline for brewery entries. Not clear if they will remain at Kinloss.
Reids Gold				BLO (GH) has supplied update for BIS. Should this be shown as all beer is unfiltered and unpasteurised. Quiet is shown as it does RAIB.
Lerwick				Not known if still operating - Ian Chapman comment?
Orkney				Still going strong
Swannay				still going strong. Unfortunately Rob Hill has been quite ill recently.
